6	2	Intro	1.4.5	Provide new para 1.4.5 to read: <u>“The Structure Plan 2011 has been updated by the Wiltshire and Swindon Structure Plan 2016, which was adopted in April 2006. The Structure Plan 2016 is an Alteration to the Wiltshire Structure Plan 2011. This means that the majority of policies have remained the same, with alterations to other policies to ensure that the Plan is consistent with national and regional guidance. The Structure Plan 2016 review confirms Swindon’s role as a Principal Urban Area, (policies DP3, DP4 and DP10A), and provides further guidance to longer term growth in the Borough (beyond the life of the Plan at policy DP10B). At policy DP10D, it also provides a broad policy context to the regeneration of Swindon’s Central Area and establishes an acceptable location to meet needs for a University campus (at Commonhead west / Coate), (policy DP10C). The Structure Plan 2016 will form the Development Plan for Wiltshire and Swindon for a period of 3 years from its adoption or until it is replaced by the new Regional Spatial Strategy for the South West, which is timetabled for adoption towards the end of 2007.</u> ”	Factual Update to make reference the new Structure Plan 2016
