

Doing your bit for the environment whilst on HOLIDAY

Support the locals by going on locally organised trips.

Buy locally produced vegetables and fruit – support local markets.

Walk, cycle or use public transport instead of using the car to get around.

Switch off lights when not in use – help save electricity.

Respect local culture, values and beliefs.

Use local recycling facilities.

Take your rubbish back to your holiday campus and dispose of it appropriately.

Buy shopping with less packaging.

Use Eco-friendly chemicals to wash clothes and clean with which is much better for the environment and less polluting.

Have consideration for other holidaymakers.
