

Event Notification Form

This Event Notification Form is designed to support organisers to run events safely within the Swindon Borough Council area, ensure that all of the necessary permissions/licences are in place and that they comply with the relevant legislation through one initial single point of contact. It will prompt you to consider the key areas involved in running your event.

This form will be circulated to members of the Swindon Borough Council **Event Safety Advisory Group** (ESAG) for the purpose of notifying key agencies (Licensing, Event Safety, Police, Fire and Ambulance Services, Environmental Health, Streetworks and Civil Contingency) that an event is taking place.

This form acts as the initial brief to highlight to members of ESAG the nature and size of your event. It will enable key agencies to provide advice and guidance on specific aspects of your event helping to inform safe planning and delivery of your event, minimising the risk to public safety.

Whilst this is an initial notification of your event please complete each section in as much detail as possible so that the relevant key agencies can provide the correct level of support and guidance. This form should be submitted as soon as you know an event is being planned.

In addition to this notification supporting documentation and evidence of good management that are applicable to your event such as the Event Management Plan (including traffic management and contingency and emergency plans), Health and Safety Risk Assessments, Site/route plan, insurance certification etc. should be submitted to the Swindon Borough Council Events Safety Advisory Group at least 6 weeks prior to the event if they are not submitted at the time of the notification. For larger events (5000 or more people) or where a Road Closure is required the details should be submitted a minimum of 12 weeks before the date of the event.

The nature of the event may trigger a meeting of the Event Safety Advisory Group where all relevant bodies can meet with the organiser / representative to discuss the event in greater detail. However, not all events may trigger a meeting. In the case of many smaller events documentation provided can be reviewed by ESAG members and any advice/ comments they have passed to the organiser through the Swindon Borough Council single point of contact.

Insurance

Event organisers are advised to hold a current policy of insurance in respect of Public Liability or Third Party risks (including products liability where appropriate). The limit of indemnity should preferably not be less than £5M but it remains the responsibility of the organiser to take independent professional advice to determine the appropriate level of cover having regard to the nature of their operation and the perceived level of risk.

**This notification together with all other necessary documentation should be submitted to

Note

Safety Advisory Groups will not undertake any role associated with the organisation or management of an event and completion and return of this or other event related forms/ risk assessments does not remove the need to obtain the relevant consents and licences, the responsibility for which ultimately rest with the event organiser. By notifying the authority of an event this in no way absolves the organiser from any health and safety responsibility nor does it infer that Swindon Borough Council has any responsibility for health and safety in relation to the event.

Data Protection

Swindon Borough Council will use the information you supply to process the safety of your Event. All information supplied will be passed to the relevant Council departments and emergency services, which will require this information to assess their various responsibilities so as to advise you of any controls that may be required to be put in place to ensure safety of organisers and public at the event.

This information will not be used for any other purpose. The information provided will be held in a manual folder and on an electronic database, and will be deleted and destroyed after one year and six years respectively.

Event organisers are strongly recommended to visit the HSE microsite which gives advice on running events safely <http://www.hse.gov.uk/event-safety/index.htm>
