### Scene One

Reach Inclusive Arts: What do we do?

Reach Inclusive Arts (RIA) creates opportunities for people, of all ages with a range of disabilities, including learning difficulties, physical disabilities, sensory impairment, people who use mental health services, those who are isolated and others disadvantaged in society, to experience a range of artistic mediums.

### Scene Two

Man 1: “ Reach is a lot of fun, and I've met so many amazing people, made so many friends, and just made some incredible memories. I love it.”

### Scene Three

We work with professional artists believing that high quality arts facilitate personal development, and can be used to explore ideas, articulate feelings and foster social inclusion.

For the participants therapeutic benefit is derived through shared artistic endeavors which develop participants' physical, social, cognitive and artistic potential so that they may grow and develop as individuals and members of their communities, improving their quality of life, social skills, which in turn increases levels of confidence and self-esteem.
