Mark,

I will look to keep matters brief.

As things stand, for clarity, no we are not happy with the principle of the revised FRA addendum. There is also not agreement on a number of points being made by yourselves. Rather than send lengthy emails backwards and forwards, it would seem sensible to meet and discuss. I am being provided with information regarding drainage and densities from the respective drainage and urban design officers, so matters are likely to move forward more quickly if conversations involve them.

On the admin matters I will speak to the admin team here in Swindon.

Regards,

Ron Moss

Hello Ron,

Thanks for the swift response.

Agree that it would be very helpful to have a meeting involving Richard and Peter and appreciate that you are busy with other matters, but please could we try to get 30 mins in the diary within the next week to get a brief update from you? We could then follow on with another meeting thereafter.

Even in advance of then, please could we have an update as to the procedural points that Emily has raised with you and highlighted in yellow below?

Kind regards,

Mark

Hi Mark,

Had a good break thanks.

Agree that it would be sensible to have a meeting rather than continue an email exchange.

I am currently working on urgent public inquiry work , but I'll look to get back to you next week with regard to dates. I will also see if I can get the drainage officer and urban designer to attend as this should help to move matters on.

Regards ,

Ron

I hope you had a good break.

We are yet to receive a response from you to Emily's email of 3rd October (reattached). I appreciate you have been away until yesterday, but we need to drive this application forward and understand where things stand.
