A VIBRANT HUB  
FOR LEARNING,  
CREATIVE AND  
DIGITAL TECHNOLOGY  
BUSINESSES

## SWINDON'S WORLD-CLASS DESTINATION REIMAGINED FOR CREATORS INNOVATORS & EDUCATORS TO THINK, DO & BE

Located at the heart of the London to Bristol corridor, the Carriage Works is a series of Grade II listed industrial buildings collectively known as the Carriage Works, divided into the: West Shed, East Shed and bike sheds (London Street). Built in 1876 during the expansion of the Great Western Railway, the site is being lovingly restored to create modern spaces for business, culture, community and ideas to thrive - together. It's home for pioneers, tech innovators, creative makers and humble beginnings. It's your chance to be written into the next chapter and join our mission to build a better Swindon.

# 7B CARRIAGE WORKS

LONDON STREET, SWINDON SN1 5DG

GROSS INTERNAL AREA (APPROX.):  
568m<sup>2</sup> (6,114 SQFT)

Unit 7B has pedestrian access from the London Street main road frontage and benefits from allocated parking in the adjoining Bristol Street Car Park. The split-level space has been sensitively refurbished and enjoys good natural daylight from large feature windows and from the double-glazed skylights and has high ceilings with a modern air handling system, as well as a lift. The internal layout is flexible and can be adapted to provide a bespoke solution for the needs of an incoming tenant.

The Carriage Works is evolving into a vibrant hub for learning, creative industries and digital technology. The location benefits from strong footfall from rail and bus passengers, as well as visitors to The Works area—home to attractions such as the STEAM Museum, the Historic England National Archive, English Heritage, the Swindon Designer Outlet and the National Trust’s Head Office.

Significant Local and Central Government investment has supported refurbishment across the Carriage Works and improvements to the surrounding public realm, including new paving, planting and upgraded lighting in the Bristol Street and Sheppard Street tunnels, which connect local colleges and the attractions within The Works. Further investment in the area is planned through Knowledge Central, the major redevelopment of Swindon Station and nearby car parks.

## THE COMMERCIAL SPACE

Unit 7B Carriage Works provides sensitively refurbished commercial space within a characterful heritage building. The versatile space has been fitted with the facilities listed below and shown on the attached floorplan.

- 568m<sup>2</sup> (6,114 sqft) of flexible split level internal space
- Sensitively refurbished
- Good natural light
- Air handling system
