

# **Community Infrastructure Levy Regulation 123 Infrastructure List (DRAFT)**

**In accordance with  
Planning Act 2008 as amended by the Localism Act 2011  
and  
Community Infrastructure Levy Regulations 2010 (as amended)**

Set out below is the list of types of infrastructure and/or specific infrastructure projects to which CIL receipts raised by Swindon Borough Council as the Charging Authority could be applied:

## **Education**

- Early Years provision (excluding the initial provision required for the New Communities\*)
- Primary school provision (excluding the initial provision required for the New Communities\*)
- Secondary school provision (excluding the initial provision required for the New Communities\*)
- Post-16 participation in learning
- Specialist educational provision (for pupils whose needs cannot be met by mainstream early years, primary, secondary, post-16 provision alone)

\*The initial provision relates only to the permanent education provision first constructed on site

## **Transport**

- Intelligent Transport Systems on existing network (excluding installation of new traffic signals at junctions & for controlled crossings for pedestrians and cyclists)
- Web based journey planning in support of travel planning for all modes, to include continued development and maintenance.
- Upgrades and improvements to the existing cycle track network as set out with the Cycle Strategy.
- Improvement/enhancement of the existing local drainage network including management and maintenance (excluding site specific flood risk management)
- Upgrade of Swindon Transport Planning and Highways models

## **Open Space, Recreation and Leisure**

- Existing Strategic Parks and Gardens, Town Parks and strategic Green corridors, Parkways and watercourses (enhancement and management) and new Eastern Villages Landmark Park
- Existing leisure centres/sports complexes/sports halls (enhancement and management)
- Upgrade and management of existing outdoor sports and recreation provision and creation of new provision and associated facilities (excluding the implementation and establishment of specific on-site requirements in Swindon's New Communities)
- Delivery of the objectives of the Community Forest Plan (excluding the implementation and establishment of specific on-site requirements in Swindon's New Communities)

## **Culture and Heritage**

- Museums storage and display (and relevant associated object conservation)
- Deliver the objectives of the Library Strategy (excluding for the New Communities of Wichelstowe and Eastern Villages)
- Delivery of the objectives of the Swindon Heritage Strategy (with the exception of any site specific heritage or archaeology requirements)
- A Theatre

## **Environmental**

- Air quality monitoring and management (excluding specific on-site requirements required for Swindon's New Communities of Kingsdown and Eastern Villages during development)
- Cemetery/Burial Grounds (provision, improvement and maintenance)
- Waste Management
- Fire Stations and associated facilities and requirements and all matters associated with the delivery of fire station services

## **Public Realm**

- Public Realm improvements within the Central Area Action Plan area
- Public Realm improvements to the Strategic Transport Corridors
- Public Art Projects
- Delivery of the CCTV Strategy
- Community Safety Projects to reduce crime and the fear of crime in accordance with the Community Safety Partnership Business Plan.

## **NOTE:**

Swindon's New Communities are identified as Commonhead, Wichelstowe, Tadpole Farm, Kingsdown and Eastern Villages as set out in the Swindon Borough Local Plan 2026

## **This Regulation 123 List takes effect on:**
