

THIS DRAWING IS TO BE USED ONLY FOR THE PURPOSE OF
ISSUE THAT IT WAS ISSUED FOR AND IS SUBJECT TO AMENDMENT

LEGEND

BGS Susceptibility to Groundwater Flooding

Limited potential for groundwater flooding to occur

Potential for groundwater flooding of property
situated below ground level

Potential for groundwater flooding to occur at
surface

Swindon Borough Boundary

Notes

The 1:50,000 scale digital map data is generalised and the geological
interpretation should be used only as a guide to the geology at a local level,
not as a site-specific geological plan based on detailed site investigations.

This map is intended to provide a strategic overview of susceptibility to
groundwater flooding and should not be used to assess flood risk for
individual properties.
