

Builders and Contractors Who Regularly Use Local Authority Building Control

The following Builders and Contractors have expressed a preference to use the Council's Building Control Service for all applications requiring Building Regulations approval. This means that the Building Regulations approval process is carried out by Council Building Surveyors, who have the local knowledge to identify and resolve constraints early, potentially saving both time and money on the building project.

These are not to be considered as recommendations by the Local Authority.

Builder / Contractor	Areas of Specialism	Contact Details
Richard Griffiths Dovetail Building Ltd	<ul style="list-style-type: none"> • New housing • Domestic Extensions • Loft Conversions • Garage Conversions • Structural Alterations, Internal Alterations and renovation works • Porches, Conservatories and Garages 	Tel: 07768 448666 Email: richgriffiths@rocketmail.com Instagram: Dovetail_building

Message to Householders and Businesses seeking to appoint a Builder

To help ensure that you appoint a builder that meets your needs you should always ask for references and obtain quotations from at least 3 builders.

Message to Local Contractors and Builders: The benefits of regularly using SBC Building Control. You have access to day-to-day technical support from the Council's Building Surveyors and also have the opportunity to attend free professional development training events hosted by the Council's Building Control Service.

If you are interested in working with us please contact us on bcontrol@swindon.gov.uk or Telephone 01793 466050 to discuss the next steps. Last updated 16.04.2024
