

About the UK Shared Prosperity Fund

Swindon Borough has received a conditional allocation of **£2,070,057** from the Government to deliver a suite of projects that will support the following national priorities:

- Communities and place
Strengthening social fabric and fostering a sense of local pride and belonging through investments in infrastructure, local green space and community-led projects.
- Local business
Creating jobs and boosting community cohesion through investment in existing industries and institutions, support for those starting businesses, sharing knowledge and expertise, improvement in retail, hospitality and leisure facilities, networking and collaboration and stimulating innovation and growth.
- People and skills
Boosting core skills and supporting adults to progress in work, supporting disadvantaged people to access the skills they need, supporting local areas to fund local skills needs, reduction in levels of economic inactivity by supporting those furthest from the labour market.

Swindon Borough Council is required to submit an ‘Investment Plan’ to the Government by 1st August 2022. The Investment Plan will set out the projects and activities that the Council will seek to fund from its £2,070,057 allocation.

Invitation to Submit Proposals for Funding

The Council is seeking project submissions for consideration.

Projects are expected to be completed by March 2025.

You can seek funding for ‘capital’ expenditure (for example, one-time large purchases) or ‘revenue’ expenditure (for example, to meet operational costs) or a mixture of both. The bulk of the overall programme spend is expected to be revenue expenditure.

Projects are expected to deliver a legacy, for example through community capacity building or capability building or which result in programmes that can become self-funding beyond March 2025.

The Council would welcome, in particular, submissions that demonstrate collaboration between multiple organisations.
