The SEND Annual Survey ran from Oct-Dec 2022 to measure satisfaction levels and the experience of those delivering and receiving services supporting children and young people with SEND in Swindon.

The summary report is now available on the Local Offer website, providing a visual analysis of the survey responses received from parents/carers, young people and professionals. It also shows how feedback in response to this survey is now being used to inform the actions within the SENDi & Alternative Provision strategy delivery plan (2023-28).
