PINCH OF SALT

A brief update from Children's Speech & Language Therapy Services in Swindon

SERVICE REFERRALS

We accept referrals for **any child**, **of any age from 0 -18.** If the referral is accepted, the child will be seen for an assessment and a report will be provided to parents, the child's setting and any other agency involved, (with parental permission). Following assessment, the level and type of service that the child will receive will be discussed with you by the Speech and Language therapist. In order to refer a child you must:

- Follow our referral pathways. Click here
- Show evidence of a graduated response (We have lots of ideas about support that you can offer to evidence a graduated response <u>here</u>)
- Complete a <u>referral form</u> and send with evidence of your graduated response.
- For children younger than 7, complete a
 <u>BRISC</u> and send this in with the referral
 form.
- Check out our <u>Screening and Referring</u> <u>workshops</u> for more information.

We have a number of traded interventions that schools can buy in which also give evidence of a graduated response. <u>Contact us to enquire further</u>
