

All about Hannah

I am a: Quality Assurance Senior Officer

One thing I like is...

In work: Being able to network and work more collaboratively with other agencies/people involved in SEND.

Outside of work: Exercise!

One thing I don't like is...

In work: That I don't always have confidence in my own skills.

Outside of work: Cooking!

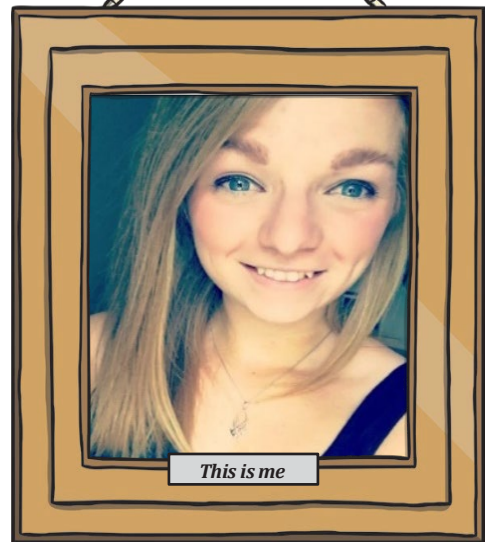

The best way to communicate with me is...

Through email or by phoning the SEND Service front door and asking to speak with me:

Tel: 01793 464641

Email: SENDSERVICE@swindon.gov.uk

If you are requiring an action to be completed, please provide specific details and timescales

The best thing about my job is...

The variety of tasks/projects I am involved with as well as playing a role in ensuring the service we deliver is continually developed and is of the highest quality.

Words that describe me...

Honest, resilient, determined

I promise that:

1. I will always stick to an agreed deadline and if I am unable to achieve this, I will be open and honest and agree a new timescale with you.
2. Children, young people and families will be at the heart of my work and when necessary, co-production will always take place.
