

All about Sally

I am Delivery Support Officer

One thing I like....

In work: being busy whilst working with a supportive team.

Outside of work: playing the piano

One thing I don't like is...

In work: unnecessary distractions

Outside of work: disrespectfulness

The best way to communicate with me is...

By phone, email, or in person. I don't mind.

The best thing about my job is...

Knowing that my work plays a part in helping a child and their family receive the educational support and guidance they need.

Words that describe me...

- Caring
- Conscientious
- Approachable
- Flexible

I promise that:

1. I will always try my best.
2. I will work hard to support my Team.
3. I will always listen and communicate effectively to support everyone as well as I can.
